*What did you think about your language travel?*

My language travel was great! I experienced many new things from doing language course in Germany. I got to learn German, and at the same time knew more about this country. For example, I knew more about the culture, people and food. As I was living in Germany, the atmosphere and people around me are German. Therefore, this has made it compulsory for me to use the language and this helped me to learn German faster. Besides that, there are a lot of students from different countries in the language school, which is fabulous. I got a chance to meet new friends from all around the world. I got to learn more about other cultures, gained some knowledges and heard more about their interesting stories.
